The canteen will be open next Monday. Thank you to Sally & Joey Newton and all our wonderful parent volunteers who continue to volunteer their precious time in running our school canteen.

MOBILE DEVICES AT SCHOOL
Recently I have noticed an increase of students bringing in their own mobile devices to school. May I remind you that students who bring their mobile devices to school do so at their own risk. Schools will not accept any responsibility for loss or damage to mobile phones and student’s mobile devices.

Students and parents should also be aware of the inappropriate use of any mobile devices and if students are caught they will be dealt with under the Department of Education and Communities Student Disciplinary Policy. Inappropriate usage includes:
- Using it in a way that disrupts learning environment
- Bullying, intimidating, harassing others through SMS, text messaging, photographic, video, or other data transfer
- Recording of conversations, including lessons, without the knowledge and permission of the teacher, or those involved in the conversation
- Downloading or otherwise accessing inappropriate material on the internet
- Filming of fights or other criminal behaviour involving students
- Using it in a way that threatens or is likely to threaten the safety or wellbeing of any person
- Use that is in breach of any law

If students are required to have their mobile phones, iPods, iPads, portable computer games at school, we require signed permission notes from parents permitting their children to have their devices at school. Mrs Kylie Nicholson will collect the devices at the beginning of the school day and return them just prior to the students heading home. Thank you for your support on this matter.
